Empowered Medicine; A comprehensive summary of the most common chronic conditions and their official treatment guidelines

Publisher: Smart Leaf Press

Author: Christi Larson, Pharm. D.

Publish Date: May 1, 2009

What happens when a doctor doesn't follow official, time-tested guidelines put forth by organizations like the American Heart Association and the American Cancer Society? Some experts believe this practice could put one's health in danger. Author and pharmacist Christi Larson, Pharm. D., answers this question and more in the new book **Empowered Medicine;** *A comprehensive summary of the most common chronic conditions and their official treatment guidelines*. (Paperback, Smart Leaf Press, $14.95). Empowered Medicine takes the official guidelines for the top chronic conditions and translates them into terms we can all understand.
